

XIT ENERGY Company Overview and Key Fast Facts: 2012

COMPANY OVERVIEW

XIT Energy is an emerging energy consulting and brokerage firm with a fresh perspective on how business manages its energy. *Energy is a commodity, but service is not.* XIT is a turn-key solution to everything business needs when it comes to energy, whether it's reducing energy consumption, procuring energy products, or ensuring you are getting the best value with your current energy plan.

Combining a strong and diverse portfolio of providers, transparent pricing, and unparalleled industry experience and service, our customers enjoy the freedom of exploring all their options when it comes to choosing a plan and a provider.
